FISCAL IMPACT STATEMENT

LS 6542

BILL NUMBER: SB 140

NOTE PREPARED: Dec 8, 2004

BILL AMENDED:

SUBJECT: Use of Charity Gaming Proceeds.

FIRST AUTHOR: Sen. Paul

BILL STATUS: As Introduced

FIRST SPONSOR:

FUNDS AFFECTED: **GENERAL**
 X DEDICATED
 FEDERAL

IMPACT: State

Summary of Legislation: The bill restricts the Department of State Revenue's authority to adopt rules regarding the use of charity gaming proceeds. The bill also voids certain rules regarding the use of charity gaming proceeds.

Effective Date: Upon passage.

Explanation of State Expenditures:

Explanation of State Revenues: *Summary:* The bill prohibits the Department of State Revenue (DOR) from requiring charity gaming licensees to use a minimum percentage of the gross receipts from charity gaming events for charitable purposes. The prohibition has a fiscal impact to the extent that any use of proceeds requirements the DOR may otherwise implement in the future causes existing licensees to discontinue charity gaming. If use of proceeds requirements would result in fewer licensees, this could potentially reduce revenue from charity gaming license fees depending upon whether patrons shift their charity gaming expenditures to other licensees and the impact this has on their gross charity gaming receipts.

The provision of the bill voiding existing use of proceeds rules (45 IAC 18-37 and 45 IAC 18-3-8) has no impact, as the DOR has been enjoined from enforcing these rules by the Marion County Superior Court. This ruling was not appealed by the state.

Background: Under current statute, the DOR is authorized to adopt rules: (1) for the establishment, implementation, and operation of allowable charity gaming events; and (2) to set the allowable expenditures

of a qualified charitable organization with respect to allowable charity gaming events. Current statute also specifically requires that all net proceeds from allowable charity gaming events must be used for the charitable purposes of the organization. The DOR filed rules on February 28, 2003, that included the minimum use of proceeds requirements (under 45 IAC 18-37 and 45 IAC 18-3-8) specified in the table below.

Annual Charity Gaming Gross Receipts	Percent to be Used for Charitable, Community, or Educational Purposes of the Organization
Less than \$150,000	5%
\$150,000 to \$500,000	8%
More than \$500,000	10%

The rules provided for the suspension or revocation of a charity gaming license in the event an organization doesn't comply with the use of proceeds requirements. Under the rules, suspensions would have lasted for a period of time determined by the DOR, but revocations would have been permanent. On August 9, 2004, Marion Superior Court Judge David J. Dreyer issued an order enjoining the DOR from enforcing the use of proceeds rules. This ruling was not appealed by the state.
